PC Build – Detailed Specifications for Cyberstorm

Graphics Card:
Speedster QICK 319 Radeon RX 7700 XT BLACK 12GB – Triple DisplayPort, HDMI, PCIe 4.0
Built on AMD's RDNA 3 architecture, the RX 7700 XT delivers outstanding 1440p gaming performance with 12GB of GDDR6 memory. The QICK 319 model features a robust triple-fan cooling system for excellent thermal management, ensuring smooth gameplay and efficient heat dissipation during heavy gaming sessions.

Processor:
AMD Ryzen 5 8400F – 6 Cores, 12 Threads, 4.2 GHz (Boost), 65W TDP, AM5
Designed for gamers and creators, the Ryzen 5 8400F offers strong multi-threaded performance with six cores and twelve threads. Built on the Zen 5 architecture, it supports PCIe 5.0 and DDR5 memory, providing excellent responsiveness for modern gaming and productivity tasks.

Motherboard:
ASUS Prime B650-PLUS WiFi – AM5, DDR5, PCIe 5.0, Wi-Fi 6, ATX
A high-quality motherboard supporting AMD Ryzen 8000 and 9000 series processors. Features include PCIe 5.0 M.2 support, DDR5 memory compatibility, Wi-Fi 6 connectivity, and robust power delivery, ensuring stability and future-proofing for demanding setups.

Memory:
CORSAIR VENGEANCE DDR5 32GB (2x16GB) 6000MHz CL36 – Intel XMP, iCUE Compatible
Premium DDR5 memory optimized for gaming and multitasking. With a 6000MHz speed, low CAS latency (CL36), and full Intel XMP support, this kit offers fast data throughput, stable overclocking, and stylish black heat spreaders for a clean build aesthetic.

Storage:
S501Q 1TB PCIe 3.0x4 NVMe M.2 2280 SSD – Up to 3600MB/s Read
A high-performance M.2 SSD offering fast system boot times and responsive application loading. Featuring 3D NAND flash with SLC caching technology, it ensures both reliability and speed for gaming and everyday use.

Case:
CORSAIR 4000D RGB Airflow Mid-Tower ATX Case – Black
A modular mid-tower case featuring high airflow design, three pre-installed RS ARGB fans, and compatibility with ASUS BTF, MSI Project Zero, and Gigabyte Project Stealth

motherboards. Its clean layout and InfiniRail™ mounting system make it perfect for streamlined, efficient builds.

CPU Cooler:
 Cooler Master Hyper 212 Halo Black – Air Cooler, Dual Loop ARGB, 4 Copper Heat Pipes
 A trusted cooling solution with a sleek black design, the Hyper 212 Halo Black provides excellent thermal performance for modern CPUs. With a 120mm MF120 Halo^2 fan and aluminum top cover, it combines powerful cooling with vibrant ARGB lighting, supporting AM5 and Intel LGA1700 sockets.

Power Supply:
 MSI MAG A650BN – 650W, 80 Plus Bronze Certified, Compact ATX PSU
 A reliable 650W PSU designed for gaming systems. It offers 80 Plus Bronze efficiency, compact size for easier cable management, and essential protections to ensure stable and safe power delivery to all critical components.

Note:
 If any listed component is out of stock, we will replace it with an equivalent part from a different reputable brand to ensure the same level of performance and reliability.
